ANOTHER SHAKY EFFORT.

Rain Saves the Local Tenm From One More Defeat. It may safely be said that a timely thunde

storm saved the local players from another very ignominious defeat yesterday. Only two innings and a half were played, but in that short time the very harmless Senators piled up five runs and the home champions did not make a mark at. The small part of the game played only went to show that if the playing of the home team was bad on Wednesday it was worse yesterday. The truth is Manager Phillips is convinced that the team, generally speaking, is playing far below its standard, and as a re-sult he lectured the players very pointedly yesterday before the game. He even went as far as to tell them that their playing was not equal in merit to that of local amateurs. He talked in no uncertain tone to the entire lot, and it is to be honed that the result will be a good one. Yesterday's first inning was almost a disgrace

to a team of players such as are in the Pittsbuyg club. The 600 or 700 people who saw the performance are all absolutely convinced of this fact, and he is no friend of the club or the Mark Baldwin Shuts the Baltimere Boys players individually who argues differently or tries to conceal the fact. Five runs were made. and to say the least of it only one should have been recorded; indeed, many people think there should have been no runs at all. It does seem that the team has lapsed into a temporary state of indifference. It is not hard luck, or anything like it. There is no hard luck about a man's difficulties, who in crossing a creek only jumps a foot when he can jump three, and as a resu.t drops into the mud and water.

THEY CAN DO BETTER.

So it has been with the local team this week. They can do considerably better than they have done, and all that is apparently needed is more energetic effort.

When yesterday's contest started the storm clouds were looming in the distance. Ferson was in the box for the visitors, and Daly was his receiver. Staley and Lauer were the home batter. Hanlon commenced hostilities and got first on called balls, but was retired at second at Sunday's expense. Sunday stole second, but was left there.

Hoy opened for the visitors and went to first

Hoy opened for the visitors and went to first on being hit by a pitched ball. Wilmot got to first on called balls, and Myers made a single over first base, filling the bases. Wise then knocked an easy one into short right field. Dunlap ran for it and "trapped" it, expecting to make a double or triple play. Beckley, however, was away from first and falled to catch Dunlap's throw. As a result Hoy scored and three parawars rill loft on bases. The mistake three men were still left on bases. The mistake caused animated comment, some people blaming Beckley and others blaming Dunlap. The latter claimed that he shouted to Beckley to get on his base, and if this is so Dunlap's play was a

DUNLAP WAS RIGHT.

Manager Phillips states that Dunlap did just as he ought to have done. It is probable that Beckley did not hear Dunlap, and was not ex-pecting a play of the kind. Dunlap, however, was exceedingly indignant. The mistake was made, however, and, as fortune has it, did not amount to snything, and all hard feeling re-garding it should vanish. Irwin followed with Laner went in to catch with an injured

thumb, of which he said nothing to the officials. At the end of the first inning he retired and Fields took his place. When the home nine finished their first half of the third liming rain commenced falling briskly and time was called. The home nine had one hit, a two-bagger by anion. Beckiey, Dunlap, Lauer and Staley ch had an error. Washington had four hits

NOW FOR THE PHILLIES.

Harry Wright's Quakers to Tackle the Home Team To-Day.

Harry Wright and his aggregation from the Quaker City will make their first appearance here this season this afternoon. The Phillies have over been very tough opponents of the home club, but in all their contests their work has generally been of the best kind. Galvin and Miller will be in the box for the home players, and Casey and Clements will likely represent the visitors. The makeup of the teams will likely be.

THINGS WERE LIVELY. The Glants Beat the Chicages in a Peculiar

Contest. CHICAGO, June 27 .- When New York came out to practice before the game this afternoon Buck Ewing said the Giants had not changed their suits since yesterday's game, having slept in them last night. As the last man for the New Yorks went out in the ninth Gumbert told Buck the 14 hits by New York substantiated his statement. Chicago started out in the first by two home runs, two hits and base on balls by by two home runs, two hits and base on balls by Crane, earning four runs, but after that were unable to get a hit off Crane till the ninth.

New York made one each in the first and fourth, three in the fifth, which placed them in the lead. At the end of the ninth inning for New York the score was 13 to 4 in their favor. When Chicago came to the bat for their last inning Crane eased up considerably, and with five hits by Chicago and an error each for Hatfield and Whitney, came very nearly tosing the game for New York, With six runs scored, three men on bases, two men out, Gumbert hit three men on bases, two men out, Gumbert hit a hot grounder to Whitney, who stopped it nicely, touched third and the game was at an end. New York fielded finely up to the eighth inning, their four errors being made in the eighth and ninth. The only feature was the batting of the Giants. Attendance 1,800.

A RED-HOT BATTLE.

The Browns Are Downed Again by the

Cincinnatie. St. Louis, June 27.-The Cincinnatis again defeated the Browns to-day after a red-hot battle. Mullane pitched and was hit hard at the outset, but after the second inning Hud-son pitched six innings and retired in favor of Stivetts. Hudson was well supported but Stivetts was not. Fatal errors by Boyle and McCarthy gave the visitors the lead and the game in the eighth inning. Gill made his first appearance with the Browns and showed up well at the bat and in the field. The work of Reilly, Beard and Tebeau was excellent.

The Cowboys Play Loosely and Louisville

Beats Them. KANSAS CITY, Mo., June 27 .- The error columns tell the reason of the defeat of the home team to-day. Louisville played without an error. The hitting was hard on both sides, but the visitors bunched theirs just where Kansas City was making its worst errors. nsas Citys.....

ANOTHER SCHEME. Von Der Abe Disgusted With St. Louis Talks

a Little.

Sr. Louis, June 27 .- About the most violent lot of abuse ever let forth against a community was that emitted by Chris Von der Ahe after o-day's game against St. Louis. He stood on the Grand avenue pavement, near Sportman's Park, and, in the presence of the sporting editor of the Republic, roundly denounced this town. He declared that St. Louis did not detown. He declared that St. Louis did not deserve a ball club, and, so far as he could help it, it should have none after this season. He declared that his efforts in securing and maintaining a winning team were not appreciated at home; that after a successful trip they received no reception on returning. He seemed galled at the absence of bouquets and brass bands at the Union depot to welcome him and his club as conquering heroes. He insisted that the Browns this season were the strongest club St. Louis had ever possessed, and sarcastically alluded to the fact that the attendance at the home games could be numand sarcastically alluded to the fact that the attendance at the home games could be numbered by a few hundred on an average; while abroad it reached into the thousands. He wound up his distribe by the remark "All I care for now is to again win the world's pennant, and then take my club out of St. Louis. This is the last season I will stay here. I am sick of the town; Comiskey is sick of it; all the players are sick of it, and complaining of the way they are received here. I am not dependent on St. Louis or baseball for a living, and I'll take this club next year to a town where it will be appreciated, and if I have anything to do with baseball in St. Louis I will give this town a club that will make it tired."

It is current rumor here that Von der Ahe is quietly negotlating for the Washington franchise in the National League for next season. Another report is that he would like to secure the Philadelphia franchise and put the Browns in the League for that city. Certain it is that he is anxious to put the Browns in some other city and a weaker team in the Association have it he appret in the league of the city of the part is the anxious to put the Browns in some other city and a weaker team in the Associa-

Signed McMahon.

PEPECIAL TELEGRAM TO THE DISPATCH. PHILADELPHIA, June 27.-Manager Sharsig, of the Athletic Baseball Club, went to Norris-town to-day and signed McMahon, the crack pitcher of the Norristown club, to play for the Athletics. McMahon's salary is to be \$300 per month. McMahon will pitch his last game at Norristown to-morrow against Norwalk and then will join the Athletics. He has been do-ing great work in the pitcher's box and at the bat, and general regret is expressed at Norris-town over his departure.

Will Play for Money. The manager of the Climax Ball Club, of this city, is not by any means satisfied with the defeat of yesterday by the Scottdales. He now issues the following challenge: The Climax team will play the Scottdales in Pitisburg on July 6 for \$100 a side. An answer through THE DISPATCH will receive attention.

NEW LONDON, CONN., June 27.-The crowds here to-day to witness the college boat races were immense. It was estimated that there were more people present here to-day than there has been at any previous race. The water was in splendid condition, and, for the big race, Cornell was favorite. The start

The water was in splendid condition, and, for the big race, Cornell was favorite. The start was a good one, and the race exciting. Cornell won by several lengths, Columbia second and Pennsylvania third.

The freshman race was also a good one, and Harvard won an excellent contest by two lengths. The Harvards were favorites, and the result was never in doubt. Both victories seemed to be popular, and demonstrations of delight were numerous.

The feature of to-day's boat race was the exciting contest between Cornell and Columbia and the sensational collapse of the Columbia crew the instant they crossed the finish line. When they stopped rowing six of them, Bradley, No. 1; Melkheleim, No. 2; Roberts, No. 3; O'Gorman, No. 4, and Klapp, No. 6, fell over in dead faint, completely exhausted. Five of the six broken down men recovered consciousness within a few minutes, but Meiklebeim was unconscious for fully 30 minutes. The six men mentioned were then lifted out of their shell and placed on board the Carrie Goodwin. While these transfers were being made the two other men in the Columbia boat, Tuttle, No. 5, and Pelton, stroke, also fainted and had to be assisted out of their boat. When the Columbia launch arrived at their quarters the entire Columbia crew were lifted out and carried to their rooms and put to bed. The men are in pretty bad shape.

states that there is not nearly so much dissatis faction over the portable houses sent to Johnstown as is reported by certain correspondents, and that the houses are gratefully accepted by the curzens, who regard the houses, small as they are, as a great improvement upon tents or rough lean-to's. As an indication of the resumption of busi ess at Johnstown, Charles Griffith, before the

flood a prosperous druggist of the ruined city, forwarded an order for an entire new stock of drugs to a firm on Wood street yesterday morning, and other druggists of Johnstown are preparing to resume. The Season Has Been Getting Dull, But Brightened Up a Little Yesterday-Morton and Hiscock Among the Presidental Visitors.

Mansion is increasing. The letters have increased in their number quite perceptibly the past few weeks and now nearly rival the volume received at the beginning of the administration, when they surpassed all precedent. There is, apparently, no vacation near for the clerks at the White House.

This morning President Harrison was kept busy, although he saw comparatively few persons. Secretary Proctor called at 9 o'clock and remained for an hour and a half. It is supposed the succession to the vacancy in the corps of Assistant Adjutant Generals was one of the topics of discussion. Secretary Proctor gave way to Vice President Morton, who claimed the attention of President Harrison for more than half an hour. This is Mr. Morton's first visit to Washington since his departure after the adjournment of the Senate. New York affairs, doubtless, were considered during the conference. This impression was strengthened by the appearance later at the executive mansion of Senator Hiscock and Representatives Flood, Sawyer and Baker, all of New York, who saw the President during the morning. Besides these, Senator Spooner, of Wisconsin; Representatives Owen Browne, of Indiana: Struble, of Iowa, and Delegate Carey, of Wyoming, called.

Among the President's other visitors were a diana: Struble, of Iowa, and Delegate Carey, of Wyoming, called.

Among the President's other visitors were a delegation of Chester county, Pennsylvania, Republicans headed by Dr. Huston, who wanted ten minutes to speak their minds about appointments concerning their locality, and a delegation of District colored men in support of Perry Carson's application to be Recorder of Deeds. President Harrison will not go to Cape May to-morrow as was expected. Mrs. Harrison, with her father and her grand-children, will return to Washington Saturday and go to Deer Park next week.

So Say Iron Masters in Talking on the New Amalgamated Scale. The iron workers will not have as plain sai ing this year as was expected, there being a number of hitches in the scale, notwithstand ing the fact that it is practically the same as last year. The new scale, as already stated, contains no demands for an advance, and in ceded. This scale does not seem to be satisfactory to the manufacturers, as the scale year expires to-morrow and none of them have yet signed it. Of course there is time to sign be-fore a strike is declared, as July and August are the months when the annual repairs are

Amalgamated Association officials state that Amalgamated Association officials state that no scales had yet been signed, but they do not believe there will be any trouble. None of the manufacturers will say anything to be quoted by name on the subject. One of the largest manufacturers in this section said: "The scale will not be signed, and you can put that down in large black letters."

The stand taken by Carnegie, Phipps & Co. for a reduction in wages at their mills seems to be the cause. A manufacturer said on this phase of the subject: "The price for plate mill rolling has been or is now 80 cents per ton, but a reduction has been made to 72 cents. The Carnegies are only paying 19 cents. We are tired paying more than other firms, and prefer to keep our works idle unless the workers can suggest better terms. A roller in the plate mills is now making as high as \$12,000 a year, and this is too much."

and this is too much."

Amalgamated Association officials are not warried over the matter, and believe that all the scales will be signed.

The Supreme Court judges merely met in private consultation yesterday. They were merely considering the advisability of calling before them as witnesses the four Philadelphia License Judges, in the appeal of the Prospect Brewing Company, of that city, which may have some effect on the Allegheny county appeals.
